special.tripleten.com/router-quiz
special.tripleten.com/common-quiz

SUMMARY

Growth Product Manager with 7+ years owning B2C acquisition funnels end-to-end. Lifted conversion to qualified lead by 18.5% (p<0.01) on paid social and quiz start rate from 41% to 48% through structured experimentation. Led migration of funnel infrastructure to AI-assisted delivery, replacing a five-figure monthly agency bill with a software subscription and cutting spec-to-production from 14 days to 3.

EXPERIENCE

Growth Product Manager — TripleTen | Nebius Group
EdTech & Consumer Digital, U.S. market · 01/2024 – Present

- **Paid Acquisition Funnel — Owner.** Ran 10 depth interviews pairing live ad creative with the landing page; found the value proposition buried below the fold and rebuilt around decision clarity without loosening the qualification threshold. **Conversion to qualified lead +18.5% on Meta and TikTok (p < 0.01).**
- **Flagship Career Quiz — Owner.** Owned the core B2C acquisition funnel end-to-end. Shipped 7 A/B tests on entry micro-commitments, visual hierarchy and CTA framing: **start rate 41% → 48%**, no drop in completion or qualification.
- **Claude Agent for Web Page Delivery — Built & Owned.** Agent pipeline carrying a page spec to production on its own: build, QA regression gate blocking any failing release, telemetry and data-layer validation, design-system token enforcement, automated deploy with HubSpot sync. **Page production went from a five-figure monthly agency bill to a software subscription; spec-to-production 14 days → 3 days**, sustaining 2–5 A/B tests a month across up to 5 funnels — the automation is what made that test volume possible.
- **Lead Qualification & Pre-Scoring.** Built Boolean intent flags into quiz logic and a pre-scoring formula that fed ad campaign optimization and routed misaligned users to automated nurture. **+14% qualified leads; roughly 8 sales hours freed per week.**
- **Pod Leadership & Production.** Led a 5-person distributed pod (design, copy, visual) remotely across time zones, plus outside vendors, agencies and freelancers. Replaced ad-hoc production with a documented workflow — intake, priorities, handoffs, QA gates — and worked daily with R&D, engineering, analysts and BI to prioritize by business ROI. **The full release cycle, approvals and queue included, went from 3–4 weeks to days.**

Product Marketing Manager — Website & Web Funnel Owner
TripleTen | Nebius Group · 01/2022 – 01/2024

- **Website Ownership — 2022 to Present.** Owned the company website across both roles as a product surface — **60 pages serving roughly 1M users**, built separately for organic and for each paid channel. Page roadmap, requirements, release scope, QA and production handoffs, as the single point of decision on what shipped.
- **Lead-Generation Funnels — Owner.** Ran **5 acquisition funnels and 6–7 landing pages in parallel**, each carrying a different hypothesis; owned the copy layer end-to-end, from landing pages and quiz copy to CTA and objection-handling sections.
- **Platform Migration.** Led the site's migration from Tilda to WordPress across internal teams and agencies — **all 60 pages** — and led the development process itself.

Project Manager / Product Owner, Acceleration Team
Renaissance Life Insurance · FinTech / InsurTech, Moscow · 05/2019 – 07/2021

- **0-to-1 Product Delivery.** One of two product owners taking two insurance products from concept to launch — an early fully-online whole life product, and a first-of-its-kind offer for people with HIV. **Both entered the core line-up and were distributed through banks as part of mortgage approval.**
- Ran 20+ hypothesis-driven experiments on product, messaging and funnel, partnering with development on the client account funnel; built landing pages in Figma and Tilda/Wix/Webflow.
- Delivered digital-communication training to 70–80 employees.

EDUCATION & CERTIFICATIONS

- **Practical Software Development (Java & Python)** — Masa / Tel Ran, Israel · 2025
- **B.A. Communications & Media** — Moscow State Pedagogical University · 2014–2018 · Thesis on cognitive biases and manipulation in media
- **Business Intelligence Professional** — Google · 2026 · **AI Essentials Specialization** — Google · 2026
